Mission Resourcing update for Annual Synods 2009

Vision

*To inspire and resource our communities for a journey with Christ
that enriches lives and relationships*

Mission

*Resourcing parishes, synods and leaders for contemporary mission and ministry
in order that the church continues to develop in healthy and mission-focused ways.*

This year Mission Resourcing Board and staff have been working on the following:

- Strategic Directions 2009 - 2013, which is attached to this memo
- A draft Annual Plan to provide clear outcomes in line with the Strategic Directions; still in process
- Staff Job Descriptions; still in process
- Leadership, mission and parish development workshops; we have been engaging with parishes and Synods through these workshops.
- Developing relationships with Trinity College staff and Board Chair on areas of common interest
- Parish and Presbyter Review material; we continue to work on this material
- New parish and presbyter profiles, and stationing
- Candidates processes for 2009.

Questions for consideration by August Synods. *Your responses will also assist the Mission Resourcing Board in its development work on leadership for church and community.*

- a. How does discernment and / or recruitment for ministry (in all its forms - lay, ordained, youth, parish stewards, etc) happen in your Synod and / or Parishes?
- b. What are the characteristics or skills you look for when identifying people for church leadership (e.g. lay, ordained, youth, parish stewards, etc)?

Warm regards

Hamish Ott
Board Chair
