# 38 God Molds the Shapes of Life

*Unison*

1 God molds the shapes of life, draw - ing the flow of tides,  
 2 Pon - der the ris - ing sap chang - ing to leaf's de - cay;  
 3 Pulse of the veins and lungs, sea - sons of hu - man hearts—  
 4 Sing to the God of change, cha - os, and fine de - sign;

fir - ing the sun - light's blaze, glaz - ing the night with  
 think of the win - ter's death turn - ing to spring's new  
 pat - terns that in - ter - twine, shap - ing our thought and  
 hal - low the or - dered forms filled with the life di -

pride: God gives the love which warms and  
 day, and in these cy - cles find the  
 art; all these are part of na - ture's  
 vine. In God the un - i - verse is

moves the pat - terned rhy - thm life pro - vides.  
 shapes of all God dreams and all God makes.  
 flow— the life of God we reap and sow.  
 one and sings the hymn which God first sung!
