

ENCOURAGE EFFECTUAL COMMUNICATION

LIAISON LINK INFORMATION

Greetings to you all.

Here we are at the commencement of 2013. I hope you have all had an opportunity for some relaxation for refreshment and renewal for the year ahead. It is a time for new beginnings, planning and setting goals.

Your National Executive has had discussion about the District books and the linking of Fellowships. Here are some points we wish to share.

1. It would be helpful to know who has their own District book and whose may be missing. As these books hold useful historic information about your Fellowships and activities we need to regard them as a treasure to be kept in your possession. Do let me know if you have your book or not.
2. At Convention it was agreed that Liaison links be set up between local Fellowships of one District and Local Fellowships of another District.
Your National Executive has given thought to this and think that this involves a lot of work for District Presidents/ Coordinators. With this in mind we suggest and encourage you to link **LOCAL FELLOWSHIPS WITHIN YOUR DISTRICT.**
At the upcoming Council meeting in September people can report how it is working or not. It is not essential to send me a list of your links but would be nice if you can manage it.
3. We would encourage you to maintain casual contact with your 2012-14 District Link as per the Yellow District Register.

I look forward to hearing from you any news of interest from your District/
Fellowship and wish you all well as you begin a year of fellowship and friendship together.

Kind regards
Merrill Baker
