NOTE: The first three inventories, ('Whiteley Church - Early 1830's'; 'Hokianga, Mangungu, Whiteley Diary 1833'; and '1834 to Waikato at 1834-5') were completed by Peter Mercer at an earlier date than the other 1993 completed inventories. This will account for the differences in construction of the inventories.

Those documents that have been removed to a different file for any reason will display 'RE' in the margin.

Those documents that have been inserted will display 'INS' in the margin.
