Months of the year and names have also been abbreviated, but this was largely done by Greenslade himself.

The term hd.wr. - hand written refers largely to the hand of Greenslade.

- (2) In the case of documents being 'inserted' into various files from others, 'INS' will be displayed in the margin
- (3) In the case of documents being 'removed' from various files to others, 'RE' will be displayed in the margin.
- (4) Most documents that are 'original' - that is; manuscripts, books, letters; that were written between 1830 and circa 1880 by persons of that time - are noted so in the article descriptions. Most of these have been removed to appropriate files and an explanatory note of where they are now situated is included.
- (5) Often a number may be circled when another number, from a previous listing, is present also. In most cases the circled number should be taken as the relevant one.

NOTES FOR NEW BOOK (1)

NOTE: The following two folders 'Notes for New Book (1) and (2) consist of papers related to the writing of W.G.'s new book 'A Man with Mana and a Martyr', which he never finished.

TRANSCRIPT OF ITEM 7/3 IN WHICH W.G. DESCRIBES HIS INTENTIONS FOR HIS NEW BOOK, "A MAN WITH MANA AND A MARTYR"

"This is what I have written of the new book on John Whiteley I hoped to complete for A.H.Reed ('Blow up your Jno Whiteley' NZWMHS⁽¹⁾ adding new material re. peoples opinions etc. etc.)

This was my beginning based on the fillers in envelopes containing all the collected material in the carton = John Whiteley martyr

I was calling the book 'A Man With Man and A Martyr'⁽²⁾ the intro. was to have been on 'points of view'. The opening chapters were to have been on the Maori tribal wars (at that period).

- (1) The Northern
- (2) The Wesleydale
- (3) The Waikato's
- (4) The Taranaki Ngamotu Beach

In other words I hoped to make the opening chapters tell of what was happening in NZ (North) in what were to become (later) Whiteley's country. i.e. Hongi; George; Waikato's and Ngamotu (Taranaki, NP.)

Then - chapters on Whiteley England and his early years voyage to NZ, Bay of Island,⁽³⁾ and so on...!

T R A N S C R I P T S 1849 - 1853

These documents, transcripts of various correspondance between 1849 and 1853, were compiled by W.H.G. They were originally found in the '1850', '1851' and '1852' inventories, but have now been grouped together.

The inventory listing is in a different form to the rest of the collection because W.H.G. listed them originally himself.

The figures in the square brackets, eg. [T21-T22] refers to the paper numbers.

The transcripts have been divided into three different files and are filed in chronological order.

ORIGINAL DOCUMENTS

This file consists of original letters, agreements, memorandums and other documents that have been extracted for the purpose of preservation, from the rest of the collection. The items here have not been re-numbered, but have been put, when possible, in chronological order. They are mostly catalogued using the number they were given in the file they were removed from.

Some of the files from which these items were extracted no longer exist independently. In the case of some items without original file numbers they have been itemised using the prefix 'OD' - original document.

Some of the material in this file is accompanied by notes, references or transcripts.
