LAMB OF GOD OUR SHEPHERD

(See John 10:1-21 & John 1:29)

Tune: NOEL NOUVELET

Traditional French Carol Melody

Arr: Barry Brinson

1. Lamb of God, our shepherd, help us live like you,
As that God-like mystery, sheep and shepherd too;
For we all need to give and to receive
In our times of laughter and our times of need.
2. Those who choose to shepherd need to own their worth,
Love the way God made them, choose the path of growth,
Own all their power, leave guilt and fear behind
And enjoy with reverence, body, spirit, mind.
3. God, you call each person to this caring role,
Sharing and affirming all that makes us whole.
May we not place ourselves above the rest
But as equal partners share our spirit's quest.
4. Through your wounds you heal us, holy Lamb of God;
In your cross you show us love's great final word.
Help us to find new care beyond life's pain
And as wounded healers share love once again.
