

Easter

IN THE SPROUTING OF THE SEED

Tune: VITALITY

Melody: William L.(Bill) Wallace

Harmony: Alison Carey

1. In the sprouting of the seed,
In the fruiting of the flower,
We celebrate new life
And live the Easter faith.
2. In our nurture of the Earth,
In our love of sea and sky,
We celebrate new life
And live the Easter faith.
3. In the wonder of a birth,
In the laughter of the child,
We celebrate new life
And live the Easter faith.
4. In the richness of the poor,
In the freedom of the bound,
We celebrate new life
And live the Easter faith.
5. In the dawning of new hope,
In empowerment for the weak,
We celebrate new life
And live the Easter faith.
6. In the owning of our worth,
In the caring for ourselves,
We celebrate new life
And live the Easter faith.
7. Through the weeping that brings health,
Through the vision that inspires
We celebrate new life
And live the Easter faith.
8. In the linking with the past,
In the presence of the dead,
We celebrate new life
And live the Easter faith.
9. In our joining life's great dance,
With God's lightness and God's fun,
We celebrate new life
And live the Easter faith.
10. In the passion of Christ's love,
In the stillness of Christ's peace,
We celebrate new life
And live the Easter faith.
11. In Christ's rising from the dead,
In his bursting from the tomb,
We celebrate new life
And live the Easter faith.
